Engine: Yanmar:1999 4JH2E 50 hp Diesel w/2575 hrs

Tanks

Fresh Water Tank: 104 gal
Fuel Tank: 50 gal
Holding Tank 50 gal

"Anemone" was originally ordered with almost every option offered by Sabre, one of the world's premier yacht builders including the VacuFlush head with fresh water, Sea Frost refrigeration, a Force 10 stove, a Simpson-

Lawrence windlass, 4 x 110AH batteries, a Link 2000 battery system, a split backstay, and a triple-spreader tapered mast.

She has a **spacious and airy main salon** which has **6'6" headroom**. The beautiful **American cherry interior** with rubbed-effect varnish and **teak and holly sole** give her a warm nautical feel. The drop-leaf centerline table will easily seat six for meals and socializing.

The galley is efficient and well-equipped with deep double stainless steel sinks, Corian counter tops and lots of drawers and storage. 12V Sea Frost refrigeration with separate freezer. Hot and cold pressure water & Surflo 12v water pump. Panasonic microwave. Force 10, 3 burner propane stove/oven & (2) Propane tanks; Corian counter tops

To starboard is the **nav station** with custom built-in cabinetry for the top-of-the-line electronics systems.

Accommodations: Forward is a large stateroom with a centerline berth, cedar-lined lockers, Corian-topped vanity with sink and hot and cold pressure water, and a settee. Deep drawers and a cedar-lined hanging locker give ample storage for personal gear.

The aft cabin has a wide double berth and a full set of drawers and lockers.

The head has a **fully enclosed shower** and a **Fresh Water VacuFlush marine toilet w/Macerator Pump**
